August Section Luncheon Meeting

“Current Research Themes in the Practice of Architecture”

Ken Lambla, AIA, Dean of the College of Architecture, UNC Charlotte

August 21, 2007 11:45 - 1:00 - Sawtooth Center

This presentation will outline critical changes in the practice of architecture demanding collaboration between the office, the studio and the academy. Themes for research pursuits include energy studies & sustainable design, BIM & digital fabrication, and urban design & demographic shifts. As architecture proclaims itself a “collaborative” profession this research implies changes in models of practice.

Lunch will be catered by Sakura Japanese Restaurant.

President’s Message and News:

We’re nearing the end of summer and it’s shaping up to be a busy second half of the year for our small but VERY COMMITTED section board. I want to thank them all for their continued dedication.

The Golf Tournament was VERY successful. The final numbers are in and we were able to create scholarship funds in the name of our section in the amount of \$2000 for UNCC and NC State. Thanks to everyone who participated and sponsored the event.

We are getting our plans solidified for our AIA 150 event. It will be a Trolley Tour of Architecture in downtown Winston Salem to coincide with the October 5 Gallery Hop in the Arts District.

We will have our Second Annual Design Competition “Archtoberfest” and awards will be presented at the October Section Luncheon. We will have some information on entries for this at the section meeting.

Don’t forget: 2007 Design Conference- September 13-15 in New Bern
Current campaign for NC AIA PAC contributions
Our NEW WEBSITE DESIGN is on the way!
We have ARE Study Guides available

Thanks, Keith

We still need board members!
