### March Section Luncheon Meeting

#### Code Updates by Bucky Frye and Laural Wright

**March 20, 2007 11:45 - 1:00 - Sawtooth Center**

Bucky Frye, our local building code official will be joined by Laural Wright from the Dept. of Insurance to discuss very recent code updates, Chapter 17, how to determine the 20% disproportionality cost, and when an area of rescue assistance is required with an occupied level below for sprinklered buildings.

This will provide an excellent opportunity for everyone to get those code issues answered by two of our top code officials in the state. They plan to leave plenty of time for questions.

**Lunch will be catered by Sherwood Barbecue.**

#### President's Message and News:

This year is going by so quickly. We are currently planning an AIA 150 event and we will need your help to make it happen. We plan to organize a building tour of the "Notable Buildings of North Carolina" located in Winston-Salem. You may be asking yourself which buildings in Winston-Salem are on the list? **YOU ALL CAN HELP DECIDE!** Please respond with your "top ten" list and we will forward them to the state for inclusion in the "150 Notable Buildings in North Carolina"

We are still looking for the support of firm principals to participate in the AIA Legislative Day on March 28. It's so critical to let our elected officials know how important the issues we have are to the design community and North Carolina as a whole. Please consider taking part of a day to help with this cause. NC AIA should have additional information regarding the issues very soon.

Don't forget the meeting for COTE (Committee on the Environment) at Foothills this Thursday at noon. This will be a vital organization to help educate Architects, building industry representatives,, local officials, and the general public on sustainable design issues. For those interested, please RSVP David Wright at 336-724-1503 or [david.wright@cjmw.com](mailto:david.wright@cjmw.com).

Thanks, Keith

**We still need volunteers to participate and be members of the board or the progress we have made and the programs we are planning for the year may not get accomplished. Please consider serving on the board if you have not already or serve again if you served in the past.**
